

LOSS OF 28,140 MEN
THIN G. A. R. RANKSMANY DEATHS REPORTED AT
PITTSBURG TODAY.

Forty Thousand Old Soldiers Parade—Illinois Department Leads the Line—Every Effort is Made to Place the Many Aged Patriots at Ease—Rev. Haggerty President.

PITTSBURG, Sept. 12.—The report made to the Grand Army this morning shows a loss in membership through death and other causes during the past year, of 28,140 men. Forty thousand men who fought to save the union marched through the cities of Pittsburgh and Allegheny yesterday. The familiar war tunes to which they and their comrades rushed to victory or to death filled the air and echoed back from the surrounding hills. The music made their hearts beat as in the stirring times of thirty years ago, and brought the flush of patriotism and courage to their cheeks. But while they stepped out boldly and bravely they could not straighten their bent forms nor conceal their gray hairs and furrowed cheeks. They carried no heavy rifle with its glittering bayonet, but aided their aged limbs with walking canes, while here and there in the line of blue came a comrade on crutches. They marched no more beneath the yawning muzzles of frowning cannon, but past battery after battery of bright eyes, while the fair enemy waved white handkerchiefs and applauded with shrill, sweet voices.

On every street corner and vacant lot rose tier after tier of human faces and as the veterans passed cheer after cheer greeted them. Every window along the route, the fire escapes and roof tops were crowded, while the sidewalks were packed from the building line to the wire ropes stretched along the curb to prevent interference with the free movement of the parade of the Grand Army of the Republic.

At 10:30 o'clock the parade started from the historic Monongahela house on the banks of the river from which it takes its name.

First came Company A, second battalion naval reserves, N. G. P., guard of honor to Commander-in-Chief Adams. Then followed the departments of the Grand Army of the Republic in the following order:

Illinois, Wisconsin, Ohio, New York, Connecticut, Massachusetts, New Jersey, Maine, California, Rhode Island, New Hampshire, Vermont, Potomac, Virginia and North Carolina; Maryland, Nebraska, Michigan, Iowa, Colorado and Wyoming; Kansas, Delaware, Minnesota, Missouri, Oregon, Kentucky, West Virginia, South Dakota, Washington and Alaska; Arkansas, New Mexico, Utah, Tennessee, Louisiana and Mississippi; Florida, Montana, Texas, Idaho, Arizona, Georgia, Alabama, North Dakota, Oklahoma, Indian Territory, Indiana, Pennsylvania.

The decorations of the two cities were most lavish. It was said by men who had attended many previous encampments, that while individual displays may have been excellent in other cities, they had never seen decorations on such a generous and general scale. Hardly a dwelling, no matter how poor, but at least had a flag and usually a display of bunting as well, while the business houses in every part of the cities made a gorgeous showing. Probably never again will the veterans turn out in such force, as it is seriously contemplated by the Grand Army officials, in view of the advancing age and infirmities of the members, to abandon this most attractive feature of the national encampment. Therefore they proposed to make the last parade a success and tramped over the two miles of route with the same determination that characterized them when they marched against the southern armies.

Gov. Pattison of Pennsylvania with his staff and a number of notable men and women from all parts of the country, occupied the reviewing stand in the Allegheny park and saluted each division as it swung around and passed in review. The arrangements for the comfort of the marchers were excellent. At short distances apart were stationed emergency hospitals with the red cross fluttering before the door, while all along the route were men with cool water and lemonade for the veterans.

ERA OF PROSPERITY.

Comptroller Eckels So Reads the Signs of the Times.

WASHINGTON, Sept. 12.—Comptroller Eckels left Washington last night for a trip through the west. He will go first to Bay City, Mich., where he will deliver an address, and on the 20th he will speak before the State Bankers' association.

"I think that the country is entering upon an era of business prosperity," said Mr. Eckels. "The advices we receive from the various banks in the United States tend to confirm this view, and if anything more were needed to prove it the fact alone that none of the banks is reducing its circulation would seem to show that they expect an increase in the volume of business, otherwise they would cut down their circulation in order to escape taxation as much as possible. The country is like a very sick man and will recover slowly, but the convalescence will be none the less sure and certain."

JAPS BEGAN THE WAR.

Foreign Commission Reports that They Were the Aggressors.

LONDON, Sept. 12.—A dispatch to the Times from Wei-Hai-Wei to-day says that a commission composed of foreigners, after examining the incidents of the naval fight of July 26, declares that the Japanese were the aggressors. The Chinese, the commission adds, were careful to avoid the appearance of provocation, but the Japanese waylaid the Chinese, selecting a good position. The Chinese senior ship escaped, making a running fight while greatly damaging her pursuer. The second Chinese ship fought until her ammunition was exhausted and two of her guns were destroyed. The same morning, it appears, the Japanese arrived from Seoul and attacked the Chinese at Asan. These operations were evidently well concerted.

First came Company A, second battalion naval reserves, N. G. P., guard of honor to Commander-in-Chief Adams. Then followed the departments of the Grand Army of the Republic in the following order:

Illinois, Wisconsin, Ohio, New York, Connecticut, Massachusetts, New Jersey, Maine, California, Rhode Island, New Hampshire, Vermont, Potomac, Virginia and North Carolina; Maryland, Nebraska, Michigan, Iowa, Colorado and Wyoming; Kansas, Delaware, Minnesota, Missouri, Oregon, Kentucky, West Virginia, South Dakota, Washington and Alaska; Arkansas, New Mexico, Utah, Tennessee, Louisiana and Mississippi; Florida, Montana, Texas, Idaho, Arizona, Georgia, Alabama, North Dakota, Oklahoma, Indian Territory, Indiana, Pennsylvania.

CHOLERA SMITES
7146 IN ONE CITY

ST PETERSBURG MOST HORRIBLY AFFLICTED.

Deaths During the First Week in September Numbered 101 and the Loss of Life Through Interior Russia Was Very Heavy—Relief Measures Feeble.

ST. PETERSBURG, Sept. 12.—There have been 7,146 cases of cholera reported in this city. The deaths during the first week in September number 101. The fatality throughout Russia has been very heavy. Relief measures are weak and not systematically applied.

To Re-Establish Brazilian Monarchy.

Is Not the Noted Banker.
BERLIN, Sept. 12.—Baron Erlanger, whose death was announced yesterday, was Baron Victor Erlanger and not Baron Emile Erlanger, the head of the well-known banking house of London and Paris.

LAWLER STILL IN THE LEAD.

Indications Are That He Will Be Commander-in-Chief.

PITTSBURG, Pa., Sept. 12.—Fences were mended, laid and lines of observation extended in the attack upon the position of the commander-in-chief of the G. A. R. yesterday. The "L" road seems to be the favorite and "Lawler and Louisville" the Shibboleth. Walker's friends are sapping the entrenchments of the Illinois man steadily and persistently, but his chances are not seriously lessened. Judge Long is spoken of very favorably, but he can scarcely be said to be in the running. At night the wirepulling was more brisk than ever. Lawler's friends still claimed they would elect him. A shift in the Pennsylvania delegation may give the election to Walker of Indiana. Many of the eastern Pennsylvania people are now shouting for Walker, but the western delegates are still with the Chicago man. Judge Long has many friends, but the delegates fear if elected he will drag the organization into his pension fight. Judge Long of Michigan has formally withdrawn from the race for commander, leaving the contest practically between the Indiana and Illinois candidates. Commander-in-Chief Adams favors Walker of Indiana and so expresses himself privately.

BASEBALL.

Tin-Plate Reductions.

PITTSBURG, Pa., Sept. 12.—The second conference between the tin-plate workers and manufacturers, held there yesterday, failed to formulate a scale. The manufacturers declared that the heavy reductions occasioned by the new tariff bill would necessitate a cut in wages of 12½ to 30 per cent. The workers' committee refused to accept this, but agreed to submit the proposition to their men. It will be two weeks or more before a decision can be reached.

TRAINS IN THE LAKE
SOUTH OF MADISON

COLLISION BETWEEN TRAINS ON A TRESTLE.

Engineer Lillie and Fireman Gallagher Jumped for Their Lives—Three Lumber Cars and a Load of Tan Bark in the Water—Careless Running.

MADISON, Sept. 12.—Two freight trains collided in the middle of Lake Monona last night. One engine is under twenty feet of water and three loaded cars are submerged. The freights were moving about ten miles an hour over the trestle that crosses the lake. They did not stop for the crossing and struck with great force. Engineer Lillie and Fireman Gallagher jumped into the lake and saved their lives. Their engine was wrecked and tossed into the lake on the opposite side of the trestle. Three lumber cars and a tan bark car from the C. M. & St. P. train were rolled into the lake but nobody was hurt. This is the second wreck at the same place within two years. Trains never stop at the crossing and take no precaution against an accident.

Try to Wreck a Train on a Bridge.

BOISE, Idaho, Sept. 12.—An attempt was made last night to wreck the west-bound train on the Oregon Short Line at Owygo bridge, twenty miles east of Nampa. A rail was loosened on the bridge, which is about forty-five feet high. It was discovered by the section foreman just before the train arrived and he flagged the train.

PRESIDENT DEBS TRIAL GOES ON

Government's Case Weakened by Testimony Regarding Telegrams.

CHICAGO, Sept. 12.—The Debs trial for contempt of court was resumed before Judge Woods of the United States court yesterday. The public interest in the case had apparently increased. The hallway leading to the courtroom was thronged with curious people.

The day was mainly devoted to taking evidence relating to the stoppage of mail trains and the alleged obstruction of interstate commerce by the boycott, though nothing new was elicited. There was, however, some parts of the proceedings which were of special interest. For instance, the defense made a start in its promised feat of proving the General Managers' association had formed a conspiracy against American labor and the Debs boycott was purely a defensive movement in the interest of the industrial classes.

The first witness called was Charles Dunlap, the general superintendent of the Rock Island road. He gave a detailed account of the strike of the employees of his road, of the complete stoppage of mail trains and interstate commerce from June 30 to July 5. After these scenes, and until July 15, trains moved only by the assistance of United States marshals and troops. The main interest attaching to Mr. Dunlap's testimony arose out of the cross-examination by Mr. Gregory.

He began at once asking the witness what he knew about the association and its doings. Mr. Dunlap developed nothing of any importance. But a discussion grew out of it which was the most interesting and important part of the day's proceedings.

"Your Honor," said Mr. Gregory, "in denying the motion to quash the information, stated that it would be an unlawful act, as I understood, for men to combine to leave the service of a road because some other road or some other corporation was treating some other men unjustly or unfairly."

The court denied making this statement intentionally, claiming it to have been a slip of the tongue, though it has been extensively circulated throughout the country. Mr. Gregory announced himself as satisfied with having Judge Woods make this public announcement, and the matter was dropped.

Many railroad men were called to testify as to the interference with their trains by mobs along the railroad tracks, but direct evidence that members of the A. R. U. were implicated in the disorder was not introduced.

The proceedings of the day closed with the testimony of two messenger boys of the Western Union, who were called to testify as to the telegrams they received and delivered at Uhlich's hall and the Revere house. But, according to their evidence, they received no telegrams from Debs and delivered only one to him, and the receipt for it had mysteriously disappeared. They said Debs' name was signed to receipts freely by one or more men around the headquarters. As to Debs himself they hardly ever, if ever, got their eyes on him. The evidence must considerably weaken the case for the government, since it must be proved that Debs himself sent the telegrams which are claimed to be in contempt of court.

Strikers Discharged.

INDIANAPOLIS, Ind., Sept. 12.—Of the car load of alleged Hammond rioters, who have been in jail here awaiting trial, the last were discharged yesterday with a lecture by Judge Baker. There was no evidence whatever against them.

PECK CALLS FOR A REPORT

Many of the Burned Out People in Wisconsin Said to be Suffering.

MILWAUKEE, Wis., Sept. 12.—Gov. Peck has commissioned Assistant Quartermaster-General Mahoney to go to the forest fire district, investigate the extent of the fires, the damage done to property, the number of lives lost, and to make a complete report of the needs of the fire sufferers. Gen. Mahoney will journey through that part of the fire swept district that lies within Wisconsin and make his report with as little delay as possible. The town of Cumberland, Mayor Hines says, has not suffered in the least from forest fires, but ever since the fire started people have been flocking into Cumberland in scores from Shell Lake, Barronett, and the surrounding country with pitiful tales of loss of life, property, and all. Altogether Mayor Hines estimates there were 600 people being cared for at Cumberland and more are coming. The situation at Shell Lake, Mayor Hines states, is different from that of any of the other towns. Only a portion of the town was burned, fifty houses, forty-eight families being rendered homeless. The greatest need is provisions of all kinds. The supply of coffee, sugar, tea and soap has given out and these articles are not to be had in the town.

WASHBURN, Wis., Sept. 12.—Reports from Ashland relating to the fire situation here are exaggerated and uncalculated. There is now no fire near enough to give any cause for alarm and danger has been over for several days. People here are indignant at sensational and misleading reports sent out by Ashland correspondents.

FIREBUG SEEN IN DALTON.

Further Incendiary Work in the Ohio Village.

MASSILLON, Ohio, Sept. 12.—Another attempt was made last night to complete the work of destruction at Dalton. Robert Marshall, one of the fire victims who was asleep in A. S. Stuck's barn, was aroused by a slight noise and saw a man in the act of lighting a pile of straw on the floor. He shouted and the man ran. Marshall is old, but he stamped out the fire and gave the alarm. Ten village watchmen have been appointed. The feeling against Otto Hartel, the ex-convict who is said to have threatened to destroy the town upon his return, is strong.

Gasoline Stove Explodes.

WAUKEGAN, Ill., Sept. 12.—A report received from Benton Station, four miles north of here, says a gasoline stove exploded, setting fire to the Northwestern Sand and Gravel company's boarding house, a three-story frame structure. This was burned, together with an ice house, club house, barns and other buildings, making a loss of \$5,000.

Roused by a Midnight Blaze.

NAPEVILLE, Ill., Sept. 12.—The general store and dwelling owned by Englehart & Riedy at Lisle was destroyed by fire at midnight last night with all its contents, the occupants barely having time to escape. The loss is \$4,000, partly covered by insurance.

Blamed on Tramps.

WABASH, Ind., Sept. 12.—A fire of incendiary origin early this morning destroyed the Henry Snyder planing mill. The loss is \$5,000. There was no insurance. Tramps are presumed to have fired the mill.

Hotel Burned at Mexico, Mo.

MEXICO, Mo., Sept. 12.—The Hanna hotel at Vandalia, east of Mexico, burned at 6 o'clock this morning. Loss is \$5,000, partially insured.

Sloan nominated Thomas Collins of Center, a railroad contractor and part owner of the Philadelphia Times, and Henry Meyer of Allegheny, defeated for auditor general in 1888.

CHATTANOOGA, Tenn., Sept. 12.—Twenty coke operators in the Pocahontas field of West Virginia have formed a company to be known as the Flat Top United Coke company of Bramwell, W. Perilous Trip Made in Safety—The Boat Was a Sharpie and Was 17 Feet Long—Bad Weather Was Experienced But the Captain is in Good Condition.

LONDON, September 12.—Captain Freitsch of Milwaukee, arrived in Queenstown at noon with his little skiff "Nina." The boat on which his perilous trip was made is only seventeen feet long and is sharpie rigged. Captain Freitsch met bad weather but reaches his destination in excellent shape.

BROTHERHOOD OF FIREMEN.

Good Financial Report Submitted at the Meeting Yesterday.

HARRISBURG, Pa., Sept. 12.—The sessions of the Brotherhood of Locomotive Firemen were taken up in the consideration of Grand Master Sargent's report and hearing addresses from Delos Everett of the Engineers, Samuel Gompers, Terence V. Powderly, Rev. Dr. Demmick and Col. Copeland. The reports of Vice-Grand Master Harrahan and Secretary Arnold were submitted. The Woman's Auxiliary to the Brotherhood met yesterday and appointed committees preliminary to the work of their meeting. The report of the trustees shows that there is \$77,279.21 on hand. The trustees say: "The carping of its enemies and the treachery of its alleged friends have disturbed but little of the prosperity of this organization. In the last ten years ending July 31, 1894, the brotherhood has paid back to its membership and their heirs, through its beneficiary department, the sum of \$3,018,643.50, at a cost of \$16 per year per member. Of this sum \$912,217 was paid since the last convention."

THE PLANKINTON BANK.

Evidence Introduced Yesterday Bears Heavily Against Directors.

MILWAUKEE, Wis., Sept. 12.—District Attorney Hammel caused a sensation in the Municipal court yesterday morning by introducing as testimony in the cases against the Plankinton bank directors minutes of the meetings of the directors held some time previous to the failure of the bank. The minutes show that President F. T. Day presided at all meetings, and that Judge James G. Jenkins, who has succeeded in getting out of the case, acted as secretary. The production of the minutes effectively refutes the claim that Judge Jenkins was too busy to attend the meetings, and consequently that he did not know of the bank's condition. The minutes show that a committee was appointed to examine the bank's paper and that it reported adversely to a good deal of it.

GERMANS AND THE K. OF P.

Many Members of the Order Will Be Affected by the New Rules.

WASHINGTON, Sept. 12.—Charles A. Lee, supreme representative Knights of Pythias, was asked regarding the secession of the German lodge in Indianapolis. He said he was not surprised to hear of it and would not be surprised to hear of others. "This is America," said Mr. Lee, "and we want our order to be an American order. It will be better for these chapters to get out of the order if they are not willing to conform to the American style of things. We have over 500,000 members and about 13,000 German members. If these 13,000 German members go out 26,000 new men will come in on the strength of the new rule."

Phillips-McCoy Feud Breaks Out.

HUNTINGTON, Va., Sept. 12.—Reports have reached here of fresh trouble in Logan county between the Phillips-McCoy factions. Saturday evening the parties met near Williamson and several shots were fired on both sides. Three men were seriously injured. Sunday evening another riot occurred. It now looks as though one side will be annihilated before the trouble is at an end.

He and his operators were at the same time indirectly charged with conspiracy, but after the dismissals the charges were not pressed.

MERCURY WAS FATAL TO THE PATIENT

MISTAKE OF SOMEBODY KILLS
MRS. MILLS.

Package of Bi-Sulphate of Mercury Was Taken Instead of Acetanilid For a Headache Powder—Doctor and Physician Both Deny Being to Blame For the Blunder.

Mistaking a packet of bi-sulphate of mercury for an acetanilid headache powder, cost Dr. Hobart a patient. He administered the mercury to Mrs. Joseph Mills and Mrs. Mills died before Dr. Hobart could drive to Foster's drug store in Beloit and discover his mistake. Foster says:

"Dr. Hobart asked me for a sample of a couple of acetanilid powders, something used successfully for the cure of headache. Dr. Hobart said the remedy was new to him. I laid one on the end of the counter and asked him to step behind the prescription case while I showed him how the powder was prepared. He did so. I prepared the second powder for him and laid it on the prescription case. Just then a lady spoke to me and I began waiting on her and Dr. Hobart left the store. I then noticed he had forgotten to take the powder from the prescription case. He asked my clerk, Mr. Ames, if the doctor had taken the other powder, and he said he took something from the counter. Before the doctor came in I had put up two packages for a battery charge and set them on the counter. One paper contained 120 grains of bi-sulphate of mercury, a deadly poison, that I had just borrowed at another store.

"About the time Dr. Hobart got the powders some one got the battery compound. Thursday Dr. Hobart called and said something was wrong with the second or big headache powder; that the first one worked well, but the second one had caused terrible sickness, and he described symptoms of the bi-sulphate poisoning. It flashed over me instantly that Dr. Hobart had taken and given the mercury powder by mistake. On my questioning him he said it was a powder much larger than the first one. I was appalled. Dr. I said, 'you have killed the woman. The powder contained 120 grains of mercury. It proved true. In helping himself he had taken the poison powder.

"How he could have made the mistake, for the poison powder was twelve times larger than the acetanilid powder, and it was smashed 'bisulphate of mercury' I cannot understand. This is the fact and I am sorry for all who have suffered by the fatal dose, but it was no fault of mine or my clerks. Dr. Hobart should have told the coroner."

FALL PLOWING WELL UNDER WAY
Rains Left the Soil in Good Shape—Potatoes a Fair Crop.

According to the state crop report corn is mostly cut, though some fields are yet too green, and the late rains will still further delay their ripening. Some farmers report a good yield of corn, but in most cases it is light, probably about one half an average crop. The late rain will help late potatoes to some extent, and a fair crop will be secured.

Grass has sprung up as if by magic since the rain and the fields are now green for the first time in several weeks.

Pastures are improving wonderfully and water is abundant. The soil is now in fine condition for plowing, and that work is being carried forward with all speed.

Some winter wheat and rye were sown during the past week, and considerable grass seed will be sown this fall, on account of the old being killed by the drouth.

The cranberry crop is reported as a failure in Monroe county, and Marquette county reports about one half a crop.

Tobacco is nearly all in the shed, crop light and quality fair.

BELOIT COLLEGE IS OPEN.

John W. Hollister, the New Physical Instructor, Takes Hold.

Beloit college reopened with chapel exercises last evening. The attendance of students is very large. There have been but few changes in the faculty. The addition to the instructors of a physical director is very gratifying to students. The new officer is John W. Hollister. He is a graduate of Williams college, and while there played half back on the football team and gained a reputation that has seldom been equaled, but his strongest forte is a pitcher in baseball, as will be seen from the fact that last spring he had to pitch nearly every game for the University of Michigan, notwithstanding his arm having been thrown out early in the season. In addition to his work with the athletic team he will have charge of the gymnasium.

The majority of last year's foot ball team are back and daily practice has begun, so that, with the new material it looks as though the college would be able to turn out a winning team this fall.

MORRIS HEADS THE COMMITTEE

He Prepares Specious Resolutions For Democrats to Hang Hopes Upon.

Frank R. Morris' scalp was not taken by the Beloit man in the democratic convention yesterday. Clay M. Metsker, editor of the Beloit news, coveted Morris' position at the head of the democratic county committee, and he made a strong canvass for the place. The Milton postmaster was quite unconcerned until the ballot was ordered, and the Beloit man made his strong and eloquent plea for the place. Then Morris got a move on himself, and the informal ballot showed Morris 70 votes to 53 for Metsker. The formal ballot gave the chairmanship to Morris by a vote of 73 to 45. The other committeemen were appointed as follows: W. M. Cunningham, J. B. McLean and Charles Horn, Janesville; C. W. Metsker, George F. Moran, Beloit; R. Richmond, Evansville; Thomas Ellington, Edgerton; Arch. Woodard, Clinton; Dr. H. B. Anderson, Orford; D. S. Rogers, Porter.

Chairman Morris presented some very clever resolutions endorsing the democratic state administration, roster fraud and all, but was silent regarding the national administration. For the purpose of making campaign material for Hogan, Mr. Morris' resolution alluded to the recent case of debauchery in Beloit, but the resolutions were silent as to the fact that Marshal Appleby by clever police

work succeeded in arresting five of the criminals and brought them before the bar of justice. Chairman Morris should not fail to tell the whole truth, even in politics.

ALL FOR SWEET CHARITY'S SAKE

Four Little Girls Did Their Best For Fire Sufferers.

Although last evening was pretty chilly for icecream and cake, a goodly number went to 154 East Milwaukee street and partook of those delicacies. The lawn was very prettily decorated with Chinese lanterns and flowers, and as the little maids, Lulu Harris, Jennie Harris, Rose Spivak and Tot McDonald, who gave the sociable, served the cream and cake they presented a very bright picture. Many a child who is suffering from fire would have been overjoyed to be present but as the proceeds will all go for their benefit, they perhaps will enjoy it just as much.

The Rich Clark's Horse Review Stake, First Money in Which Was Worth \$7,962.50 Fell to His Speed—Coupon Wins Another Race—Horse Paragraphs.

When Janesville people saw Frank Loomis drive B. B. P., a Pilot Medium three years old, in the 2:24 class race here last June, but few realized, probably, what a horse the youngster was. When he was here he finished seventh in two heats, and was then drawn, the best time being 20 1/2. Since then the colt has taken a record of 2:13 1/2, and yesterday he won the first money, \$7,962.50, in the Clark's Horse Review stake for three year olds at Terre Haute, the value of the purse being \$21,575. Norvin G., a horse that was in the 2:28 class here, won fourth money, \$1,592.50.

Kissell's Dallas and Rocker met again at Terre Haute yesterday in the 2:11 pacing class. Rocker beat the Indian Chief horse here but yesterday Dallas got the first heat in 2:11 1/2 while Rocker got a back position. Frank Agan got the second heat and Rowdy Joe the third, when the race was postponed. Rowdy Joe was the horse that refused to work here and scored half a dozen times on a hop and was drawn. He is good for a mile in 2:11 any time when he feels like it, but that isn't very often. McHenry drove Rocker and Kissell handled his own horse.

H. D. McKinney's Coupon won the purse for two-year-olds at Oshkosh yesterday defeating Biwobik and distancing Mediumwood. J. O. Gerrity handled Coupon. Gerrity also drove Oakleaf, the horse he had here last July in the 2:29 class but was defeated by Allie Gee. Woodlark, owned by D. Mihills of Evansville, and Esperanza, owned by James Cutter of Fairfield, were in the same race getting third and fourth money respectively.

BRIEF BITS OF HUMOR.

A Strong Reason.

She was having a confidential chat with her aunt.

"I can never marry Harry Westlock," she said in a tone which implied that it was useless to talk about it. "I never can."

"And why can't you?" asked the aunt. "I'm sure I should think any girl would esteem it an honor to be Harry Westlock's wife. He is very wealthy, too. Why can't you marry him?"

"Because he hasn't asked me to, and I know he never will."—Alex Sweet, in Texas Siftings.

Applying a Sure Test.

"Mr. Dinguss," said the young man, twirling his hat nervously, "I have called to ask you for your daughter Phoebe. I am not rich, but I have good business prospects, and—"

"Young man," interrupted the parent, eyeing him keenly, "before we discuss this matter further will you oblige me with a loan of five dollars?"

"I will not, sir," replied the youth, firmly.

"Then take her, my boy," said Mr. Dinguss. "You've got more sense than I thought you had."—Chicago Tribune.

Facts of the Case.

Mrs. Gadabout—I don't believe that Dr. Newhand knows a thing about medicine.

Mrs. Nextdoor—Why?

Mrs. Gadabout—He told my husband that all I needed was a rest in some quiet country place, when he knew that I was just dying for a tour on the continent.—Answers.

Hadt' Had the Necessary Experience.

"What has been your business?" was the first question.

"I have been a doctor," was the reply.

He Took the Hint.

"Help me on with this overcoat, my peach," said Herbert to Adele.

"No, Herbert; I'm not your peach, but your lemon. And if you want lemon aid you know what you must do first."

Herbert squeezed his lemon.—Truth.

A Waterbury, Conn., woman has a serious impediment in her speech, due to a strain her tongue received some weeks ago while she was laughing very heartily.

Milton Tibbitts, a 15-year-old boy, is editor and proprietor of the Washington Weekly Bulletin. He was recently the recipient of much attention in Boston circles.

Short-sightedness descends from parent to child in diagonal succession—that is, sons inherit it most frequently from their mothers, and daughters from their fathers.

Miss Sophie A. Nordhoff, a former student of medicine at Washington, according to foreign papers, has been appointed a physician at the famous Woman's Clinic of Professor Von Winkel, in Munich.

When you like a man just as well after you have traveled 3,000 miles with him as you did before you started on the journey, it is evidence that he is a mighty good fellow, and the experience isn't altogether unflattering to yourself.

Mother—What? Been in swimming? And this time of the year? Mercy! When I went out to-day I wore my winter coat. Little Johnny, with teeth chattering—Yes, ma, it was so—so cold we had to jump into the wa-water to ke-keep wa-warm.

The Owingsville, Ky., Outlook says: James W. Hasty, a 65-year-old bachelor, was born within two miles of this place. He is a gunsmith and watch-fixer, and has not been five miles away from here in twenty-five years. He never kissed one of the fair sex in his life.

A Chicago lad makes a living by securing seats for women in crowded cars. He makes his stand at a thoroughfare that is always thronged and arranges with some well-to-do woman, with her arms full of bundles, or perhaps a baby, to run around and jump on a car before it reaches the corner. When it gets to that point he has a seat reserved for her.

ONE WOMAN'S REWARD.

A GREAT SHOWER OF CONFIDENCE

Such as Never Descended upon Any Other American Woman.

[SPECIAL TO OUR LADY READERS.]

IT'S a glorious possession.

The most famous physician wins it from a comparatively small number.

One woman, and only one, has won it from tens of thousands during the past twenty years.

Loving confidences, heartfelt gratitude, loyal devotion, is showered upon her name because of salvation from a miserable existence, and the peace and joy of restored health through her wonderful skill.

Lydia E. Pinkham's name will go down the ages as the friend of all women.

Her Vegetable Compound has saved thousands from the terrors of female complaints.

Backache, despondency, fainting, spinal weakness, avoiding society, bearing down, are all symptoms of trouble in the womb.

The Vegetable Compound removes the cause of the trouble.

Read what Mrs. S. W. White, who lives at 816 Holly Street, West Philadelphia, Pa., calls a family blessing.

Thus she writes to Mrs. Pinkham:—

"I have suffered for ten years with female complaints of the worst form, accompanied by severe spinal trouble, causing incessant backache, weakness of the stomach, and nervousness."

"I gave up all hope of ever being well again. Just then someone recommended Lydia E. Pinkham's Vegetable Compound. I followed your directions and treatment until I am now a perfectly well woman."

"I gave it to my two daughters, aged fourteen and sixteen years, and they are fine, healthy girls."

"It is surely a blessing to our family."

MAKING A ROAR.

We set out to double our last season's trade and we are glad to announce to the public that we have accomplished our purpose. You will please excuse us if we make a little roar about it. We feel grateful to our friends and we take this opportunity of standing up and thanking our many customers for their support.

Election is nearly here, we don't want your votes, but we do want your shoe trade. We promise fidelity to every plank in our trade platform. If hard work, fair treatment, close buying, a division of profits and the best of goods will merit your patronage, we are still in line to serve you.

SUPERINTENDENT CONVENTION

Notice is hereby given that a republican convention is called to meet at the court house in the city of Janesville on Friday, September 14, 1894, at 2 o'clock p.m., for the purpose of placing in nomination a candidate for the office of superintendent of school for the district composed of Clinton, Bradford, Johnson, Lima, Turtle, La. Prairie, Milton, Harmony, Beloit, Rock, and the village of Clinton, and to transact such other business as may properly come before the meeting.

CHAS. N. NYE,
Committee for the Second Superintendent District of Rock County

THIS DAY IN HISTORY

1494—Francis I of France was born; died 1547.
1642—De Cinq Mars, long a favorite of Louis XIII, was executed at Lyons, with his friend De Thou, on a charge of conspiracy against Cardinal Richelieu.
1688—John Sobieski and his Poles drove an army of 200,000 Turks from the siege of Vienna. Rameau, French composer and musical prodigy, born at Dijon; died 1764.
1806—Andrew Hull Foote, American naval hero, famous for his exploits on the upper Mississippi in 1862, born in New Haven; died 1863.
1809—Mendelssohn born.
1819—Gebhard Leberecht von Blucher, the famous Prussian commander who saved Wellington at Waterloo, died; born 1742.
1857—The Central America founded in the Gulf of Mexico, carrying down nearly 500 persons.
1865—Guizot, French historian and statesman, died; born 1787.
1888—Professor Richard Anthony Proctor, English astronomer and popular author and lecturer, died; born 1837. J. Newton Gott hold, famous actor, died.

COUNTY TICKET GROWS STRONGER DAY BY DAY.

The scrutiny of a week has only strengthened the republican county ticket. Nowhere has it developed the slightest trace of weakness. Few tickets can be praised so sweepingly. Few tickets resist so successfully the attempt of party foes to find a loophole. W. H. Appleby, who heads the ticket, has ample police experience and the test of two years' service as Beloit city marshal has shown him to possess courage, reliability and discretion. W. J. McIntyre has made a record as county clerk that fully justified his nomination; and C. N. Nye, who will succeed A. D. Burdick as treasurer has proved his worth for years as one of the most valuable members of the county board. E. D. McGowan, whose administration as clerk of the court has been a credit to himself and the party that chose him, will also have a worthy successor. T. W. Goldin stands high in the esteem of Rock county people, being recommended by his acquirements as a lawyer and his qualities as a man. He served as clerk of the Green county circuit court for several years.

O. D. Rowe will do what few men could—fill the office of register satisfactorily, after the people have had eighteen years of so efficient an officer as C. L. Valentine. Mr. Rowe's endorsement in his old home, after years of absence, was one of the most gratifying features of his nomination and spoke louder than words of his sterling worth. W. A. Jackson is making a strong canvass for district attorney. Rock county has not suffered through paying too much to her district attorneys. In fact the country could well afford to pay \$500 a year additional. Men could be found who would take the office for less—in fact there are men who would be contented with \$300 a year if they could get the office by such an offer. "Cheapness" in the district attorney's office is likely to prove costly. Voters may rest assured that they have in Mr. Jackson a man who will more than earn the \$1,200 salary which the law provides and will serve the county faithfully and efficiently. O. G. Bleedon and Richard O'Donnell, who complete the ticket will probably do little campaigning for themselves but will do their best for their fellow candidates. They round out a ticket that could hardly be improved as far as worth and popularity are concerned.

CASH FOR FIRE SUFFERERS.

The amount of clothing that has gone forward to the fire sufferers make it seem probable that relief hereafter should take a different form. Furniture, food and especially money will be needed from this time on. How great the loss has been it is still impossible to say. Without much question when the loss of life and destruction of property comes to be added up the present disaster will be found to be without a parallel in the history of this country. A region covered with timber as dry as tinder by reason of the long-continued drouth, invited the spark that was quickly fanned to a conflagration. The very conditions that made the liability to fire the more dangerous, namely, the absence of rain and a superheated atmosphere, rendered it also much more difficult to check the flames when once they approached the farms and towns. The lowness of the water in the streams and the absence of ample reservoirs and other fire extinguishing facilities in the lumber district towns left no opportunity to fight the demon and rendered fight the only course of safety.

The stories of heroism, patient suffering for others and wonderful sacrifices for the common good when destruction by fire was imminent in the Wisconsin and Minnesota forests, will be recited for some time to come and will continue to be memories of the awful disaster. The admiration of the heroes will be as general as is the grief over the innocent and ill-fated victims of the fire's ravages.

MAINE AND HER 40,000.

Maine goes 40,000 republican. That same vote means 40,000 for the nomination of Thomas B. Reed for president. The invitation to McKinley to close the campaign evoked some discussion as to whether it was designed by Chairman Manley as a boom for McKinley and an effort to undermine Reed's presidential prospects. But Mr. Manley is out in an interview reasserting his devotion to Reed's candidacy with the authoritative statement that Reed will be the candidate of the solid delegation from New England to the next national convention. He says there is no deal to give Reed second place on the ticket, but that Reed will be a candidate for the first place or none. With a state that backs him the way Maine does, his chances ought to be good. And how does the Pine Tree state suit S. Grover Cleveland?

RAID BY CATTLEMEN.

Herder Dangerously Wounded and Sheep Driven Over the Cliffs.
PARACHUTE, Colo., Sept. 12.—Cattlemen swooped down upon three sheep camps on the mesa west of here yesterday, shot and dangerously wounded a herder named Carl Brown, drove off the other herders, and ran the sheep over the cliffs along Roan creek. The sheep men have raised a posse of men armed to the teeth and started for the scene of the conflict, swearing that some one will have to pay for this day's work. The present trouble is merely a renewal of the troubles a year ago in this vicinity, and there will probably be a lively time before it is ended.

CURES OTHERS

MRS. HARRY TAPPAN, of Reynolds, Neb., writes: "For about two years I was a constant sufferer from diseases peculiar to my sex. I had to be carried from my bed, had horrible dreams, sinking sensations, was very nervous and had little or no appetite. In short, my whole body was racked with pain. I had frequent attacks of hysteria, and was completely discouraged for I found no medicine did me any good. At last I determined to try Dr. Pierce's Favorite Prescription. I had taken but two bottles before I felt so much better! I took eleven bottles. To-day, I am well. I have never felt the least trace of my old complaint in the last six years. We use the 'Golden Medical Discovery' whenever we need a blood-purifier. With its use, eruptions of all kinds vanish and the skin is rendered clear and soft, almost as an infant's." Sold everywhere.

NEWS OF THE DAY IN
BRIEF FORM.

By Running Your Eye Down This Column You Find Out What Is Happening In All Parts Of the Bower City—Short Supper-Time Songs.

It cost the two fakirs, Joseph F. Codfrey and A. G. Johnson \$29.20 for attempting to play a change game on the corn exchange last evening. Officer Hogan explained how the racket was worked on the people, by getting everyone excited over a promise to give money back. At an opportune time, when some worthless article was sold for a large sum, the fakir would drive off with his money. Chief Aheson and Officer Hogan arrested these parties last evening, just after they opened up business at the corn exchange square. They were fined \$12.50 each and cost this afternoon. Godfrey's home is in Rockford, while Johnson lives in Indiana. The boys have been working the Hoosiers for some time, and only struck the Badger state last week.

SOME of the large men in Rock county need a suit of clothes or overcoats this fall. They will buy Pickwick's, of course, which are shaped for odd-sized people, exclusively. FRANK W. VANKIRK, son of Mr. and Mrs. W. T. Vankirk, went to Madison yesterday to enter the state university for a four years' course. Joseph A. Vankirk, a brother of Frank's went to Beloit at the same time, he taking a course in Beloit academy.

FAIR IS WIDE OPEN AND BIG AS EVER

CHILDREN SWARM ON THE
GROUNDS TODAY.

Halls are Better Filled Than Usual and the Displays Made By Merchants Are Very Creditable—Machine Men are at Work—Large Carriage Show.

The banners on the Rock county fair buildings flapped and fluttered over the heads of happy crowds of people to-day. Children were in the majority, but plenty of old people came along and pronounced the fair a success. They found better displays made by merchants than had been seen in years. The carriage exhibit surpassed all records. Culinary, fruit and fancy work departments are full; children have an abundance of exhibits, and the art gallery is well worth a visit. The stock show is good, although not as extensive as it was when professional breeders monopolized the prizes. Bicycles are well represented, but the machinery men will hardly be in shape before to-night, to show what they have. These are the department superintendents:

Gates—Joseph Carr, Milton Junction.

Horses—J. A. Hoskins, Janesville. Cattle—Gregg D. Hall, Johnston. Sheep and Swine—William Howard, La Prairie.

Poultry—Charles Beding, Tiffany. Seed and Grain—A. C. Powers, Beloit.

Vegetable and Dairy—C. S. Crow, Evansville.

Horticulture—Clara Tarrant, La Prairie.

Culinary—Mrs. O. D. Brace, Janesville.

Art—Violet Campbell, Beloit; Mrs. J. A. Henderson, Edgerton.

Children's Department—Alice M. Heimstreet, Janesville.

Domestic—W. B. Paul, Milton; Emily M. Lord, Edgerton; Rusha V. Spencer, Evansville.

Vehicles—J. T. Barlass, Emerald Grove.

Amphitheatre—Thomas Edden, La Prairie.

Speed—J. E. Gleason, La Prairie.

Games—William Paul, Milton Junction.

Machinery—J. M. Sailor, Milton.

Forage and feed—P. N. Finch, Janesville.

Miss Theresa Haviland won the elocution contest, her average being 93.6. Miss Mabel Waufile was highly praised by the judges, her average being 92.5. Professor Mayne and J. T. Broughton marked the contestants.

Music was furnished today by the Milton Junction and Delavan bands. There will be four bands on the grounds tomorrow. The elocution contest for a silver medal today was held in Evangelist Welch's tent, where the band contests will also be held.

Today's races were the 2:50 trotting, purse \$200; the 2:25 trotting, purse \$250 and the two-year old stake with \$50 added.

Tomorrow there will be the 2:30 trotting, purse \$250; 2:30 pacing, purse \$250 and the three-year-old stake with \$50 added.

The programme to-morrow will be as follows:

10:00 a. m.—Bands arrive and musical contest begins at grand stand.

10:30 a. m.—Farmers' wagon race, walk and trot. Lots of fun.

1:30 p. m.—Racing.

3:00 p. m.—Concerts in Main and Domestic halls.

3:00 p. m.—Instrumental concerts at S. C. Burnham & Co's musical exhibit in Main hall.

3:30 p. m.—Prize awarded to the best looking mayor or president of city or village in Rock county.

3:45 p. m.—Prize awarded to the farmer who has the largest family at the fair.

The afternoon programme at D. W. Kolle's Colby piano display, catches the crowd. Professor Will Johnson will sing his popular ballads at each entertainment. The Colby piano is considered the best piano on the grounds, and with George Dowers performing, the entertainments are delightful.

Concerts free at the grounds every afternoon.

MORE RUSSIAN THISTLE FOUND Many People Examine the Specimen in the Gazette Office.

People have been calling at the Gazette office all day examining the specimens of Russian thistle left by Street Commissioner Hanthorn. More bunches were found today. In some localities in Dakota the thistle has done great damage to the farming interests. The plant often grows to a size of six feet in diameter, and is well formed, and when the seeds ripen the plant breaks off at the roots and a strong wind will roll it miles across the prairie, scattering the seeds to such an extent that the following year the country is full of it. One plant, it is estimated, will produce about 200,000 seed and it will also propagate by the roots, which run down in the ground from one to two feet. In South Dakota three counties were depopulated on account of this weed, the damaging effects of which the farmers did not discover until it was impossible for them to get rid of it. The plant was first brought to the Dakotas by some Russian immigrants, who allowed it to grow for the sheep during greening, and since then it has been rapidly spreading to the other states. From South Dakota it spread to Minnesota, and now the farmers of Sauk and adjoining country are threatened.

Some of the plants stand four feet high and have spread out to such an extent that they could not be crowded through an open doorway. The only successful way of exterminating it, is to dig up the plant by the roots and then destroy it by fire.

Now is the time for the city and municipal authorities to act. If the matter is taken up at once while the plant is only found in small quantities its hold in the community could be uprooted with very little expense. That is a serious matter and one that will interest all good citizens. The state law requires that a special column be kept in the tax roll in which the expenses incurred in exterminating obnoxious weeds are charged to the different property owners on whose land the weeds are found.

HIT HIM ON THE OTHER CHEEK—Peter Scherer Helps J. P. Waggoner Exemplify the Scriptural Teaching.

Peter Scherer explained in the municipal court today that there is a limit to the quality that a jug will hold. It is often filled to overflowing, and that was the case with him last evening when he "thumped" J. P. Waggoner, a brother dealer in second-hand goods on North Main street. After a little further explanation Scherer pleaded guilty to the charge of assault and battery and was fined five dollars and costs. Scherer insisted that Waggoner had been bothering not only himself but his family, and had gone so far that he could stand it no longer. He therefore cornered Waggoner, took him by the throat and gave him a slap in the face. "I got my money's worth," said Scherer, explaining to a friend.

LICENSE ELECTION NEXT TUESDAY Many Seem to Be in Favor of the Five Hundred Dollar Fee.

The special election to fix the size of saloon license during the next three years comes next Tuesday. People generally seem to favor the five hundred dollar liquor license, and there are quite a few saloon keepers who advocate the five hundred dollar fee, insisting that by adopting that sum the number of saloons will be greatly reduced and their regulation be made easier. A mass meeting to discuss the subject was suggested by several citizens today and it may be that one will be held.

WOMAN WITH CASH AND AFFECTION TOO

B. ROBERT KNOWLES IS HARD
TO SUIT.

He Advertises For Correspondents of the Gentler Sex Who Will Unite Cash Capital With an Affectionate Disposition—No Triflers Need Apply Is His Admission.

Affectionate women with money to invest are not as scarce as would appear. Most young men with a "view to matrimony" are praying for just such windfalls. B. Robert Knowles doesn't stop to pray. He puts an advertisement in the papers and takes his choice from the ten or fifteen applicants who appear. This is the way his card in the Chicago Sunday Herald read:

BUSINESS GENTLEMAN, who contemplates removing to the Pacific coast, desires acquaintance of a young lady or widow, who would be willing to invest some money in business; must be refined and affectionate; no agents. Address "B. Robert Knowles, Janesville, Wis."

Mr. Knowles get his mail in Janesville, but this is not his home. He looks like a Chicago board of trade operator; his eye having that same gimlet expression that pertains to a dealer in "puts" and "calls." He is about forty years old, well dressed, of medium stature and his mustache is a thing of beauty.

The seeker after affection and capital combined stood in the post office lobby this morning and opened the three notes that a clerk had just handed out. He nodded with a surprised look when a reporter said: "Good morning, Mr. Knowles," and then he drew back in his shell and became very unsocial.

"Your mail is rather limited, considering the circulation you gave to your advertising, isn't it?" the reporter asked.

"Oh, no," said Knowles briefly, "I didn't frame that ad. to draw a lot of triflers. I am only looking for the right one."

"Do you think you will find her?" "I think I have already. I received a telegram from a young lady yesterday and her letter has just come to hand. She speaks as if she were in earnest and I think our association will be very satisfactory. But this is altogether a private affair and I see no reason for discussing it. I advertised for business reasons, nothing else."

"I see you call for a lady of 'affectionate disposition,' ventured the reporter.

Mr. Knowles had closed his lips tightly and further explanation he refused to make.
